Pile	Richard	GP Partner Parkbury House Surgery, HVCCG GP Board Member	GP partner , Parkbury House Surgery. We provide core GMS, enhanced and private services. We receive rent for rooms used by community services (e.g. ophthalmology CATS) and are part of the STAHFED, the provider company for the St Albans & Harpenden locality. Our practice manager is also the STAHFED company secretary. We also have a Lloyds pharmacy within our building for which we receive a mix of rent and profit share. GP with a Special Interest in Cardiology, employed by Herts Community Trust to work 1 session per week Working out of hours sessions for Herts Urgent Care, typically 3 per month I am a GP appraiser working for NHS England, typically about 12 appraisals per year - I have carried out occasional pieces of work for different pharmaceutical companies over the years, for example providing teaching or training, presenting at meetings, hosting GP education meetings or advisory board work. This has usually been done through Soar Beyond, a third party company who have the pharma company as their client. I do not hold a salaried position or have any shares in any companies. Companies I have previously worked with (including in my time prior to being elected to the CCG board) are GSK, Pfizer, Astellas, Omnilamed, Otsuka, Boehringer Nutricia, and MSD.	X X X X X	X		Direct	Practice partner, practice receives rent for rooms and part of provider organisation. Practice also receives rent and profit share from pharmacy. GP with special interest Work carried out for Herts Urgent care Previously paid work for pharmaceutical industry	August 2000 2004 2004 2010 2004	present day present day present day present day 2016. I have worked a total of 2 days this year, in March and June, for Nutricia and MSD.	- Declaration of these interests as and when relevant to board discussions. No involvement in financial decision making specific to our locality, practice or provider company. Should community pharmacy financial issues arise advice will be sought whether I can still be involved in discussions and/or decision making. - Declaration of this interest in any discussions involving the provision of related community services by Herts Community Trust and no involvement in decision making about said services - Declaration of this interest in any discussions regarding out of hours provision (contracts, performance etc.) - Declaration of this interest in any discussions involving GP appraisal. As I understand it, GP appraisal and funding for it is not within the remit of the CCG and therefore at present there is probably not a direct financial conflict of interest. - Declaration of this in interest should it be relevant to any prescribing issues involving specifically named products made by any of these companies. I do not have any official role within medicines management and am not involved in any of the discussions that lead to the prescribing recommendations made by the medicines management team to the board.
